

### To Whom It May Concern

I have had a relationship with Toby Laughton and Dreamworks Construction for the past three years.

I met Toby at the time I was planning to renovate my existing home in Bel Air. From the onset Toby proved to be thoroughly professional. He was always willing to meet and discuss details and review plans and drawings. I can truly say that he went beyond the "Call of Duty"- problems were easily solved, and changes I made along the way, were accepted and agreed to readily. He was always available if his presence was required for any purpose, cheerfully and confidently.

After completing this project, I had bought a home in the Pacific Palisades area. This house needed extensive renovations, and here again, Toby worked closely with me in drawing up plans. Arranging schedules with sub-contractors and taking charge of the entire project. The renovation has now been completed, and I am sure that the original owners now would not recognize their old home- the stone work, cabinetry, and overall construction, gives the home a feeling of elegance and comfort.

Because of Toby's friendly nature and willingness always to help, our relationship has beyond a professional one, to one friendship!

The office staff at Dreamworks, headed by Taryn Parrish, is a model of efficiency. Whenever I call her with questions or requests, Taryn, in spite of her own busy routine will always try to accommodate me, arranging schedules and meetings.

I whole heartedly recommend Toby and Dreamworks Construction to anyone who would want a project handled in a positive and professional manner.
